

TERRACE OAK FLOORING SPECIFICATION INFORMATION

Come home to the distinct unique look of hardwood with the added benefit of scratch resistance, via a UV cured urethane aluminum oxide finish. The beauty of hardwood flooring lies in the natural variation of the material. Since each tree is different, each installation will be unique. Homecrest Hardwood flooring is available in several shades & textures, constructed of multiply layers of engineered hardwood from various species of wood ranging from exotic Acacia to beautiful European Oak. Installation is up to you as it can be either glued, nailed, stapled or floated.
